W-2 program update / RFP		La Crosse County felt their application and interviews for the W-2 2013 RFP in July went well. La Crosse had hired a consultant to assist with this process. The state chose Workforce Connections to administer the program. The program will span our consortium minus Clark county but adding Crawford. At this point La Crosse is waiting contact from Workforce Connections to plan for the transition which will happen Jan 1 2013
Future of W-2 Steering Committee		Committee will still meet on Nov 7 th to discuss transition plan unless otherwise notified. Members were directed to Gina Brown at Workforce Connections to express future interest in the new committee. We may ask her to attend the Nov 7 th meeting.
