APPROVE MINUTES OF MAY 9, 2022

MOTION by Pogreba/Hesse to approve the minutes of the May 9, 2022, PWI Committee Meeting. **Motion carried unanimously.**

CONSENT AGENDA (INFORMATIONAL):

- a. Granular Activated Carbon (GAC) Filter Disposal Pilot Program
- b. Solid Waste Annual Meeting & Tours Update
- c. Veterans Memorial Park Dog Park Update
- d. Mindoro Park Update
- e. Preliminary Bypass Policy Discussion
- f. Village of Holmen MOU - Roundabout at McHugh and Briggs
- g. Flex Beam Discussion

CONFERENCE/MEETING REPORT: NONE

APPROVAL OF RFP FOR A 3' X 130' ELECTRIC POWERED TELESCOPING CONVEYOR

The existing conveyor was constructed in 1990 and is only 90 feet long. It limits height at which material can be placed. With the increased length more materials will be able to be placed in the new Saint Joe's and West Salem salt sheds. The conveyor was identified in the 2022 Equipment Budget. Two bids were received. The top ranked bid is for \$307,800 from US Equipment. The Highway Commissioner recommends approval. **Motion** by Pogreba/Geary to approve. **Motion carried unanimously.**

APPROVAL OF BID FOR A 4WD CREW CAB PICKUP TRUCK

A new pickup truck is needed for one of the Superintendents. The truck was identified in the 2022 Equipment Budget. Two bids were received for a 4WD crew cab pickup truck. The low bid was sold before approval could be received, so the second bid is what is left at \$48,305.50 from Pischke Motors GMC. The Highway Commissioner recommends approval. **MOTION** by Jacobsen/Hesse to approve. **Motion carried unanimously.**

APPROVAL OF RFP FOR TWO WOODCHIPPERS

Two new woodchippers are needed to replace the existing 1998 & 2006 woodchippers. The chippers are identified in the 2022 Equipment Budget. Two bids for two single axle chippers were received. The top ranked bid is for \$218,556 from Vermeer out of West Salem. The Highway Commissioner recommends approval. **MOTION** by Hesse/Pogreba to approve. **Motion carried unanimously.**

APPROVAL OF MEAD & HUNT'S DESIGN CONTRACT FOR CTH U SAFETY PROJECT

The roadway project is being funded for design and construction through the WisDOT Highway Safety Improvement Program (HSIP) at 90%, 10% cost share. Total design cost is \$102,047.19 with the County portion being estimated at \$10,205. The Highway

Commissioner recommends approval. **MOTION** by Pogreba/Jacobsen to approve. **Motion carried unanimously.**

APPROVAL OF RFP FOR CHIP SPREADER

The existing chip spreader was purchased in 2001 and is increasingly needing maintenance. Roadways are typically chip sealed starting around 5 years. This and crack sealing extend the life of the roadway. In 2022 around 34 miles of roadways will be chip sealed. About 13 of those miles will be for local municipalities. The Spreader was identified in the 2022 Equipment Budget. Two bids were received. The top ranked bid is for \$389,900 from Aring out of Milwaukee. The Highway Commissioner recommends approval. **MOTION** by Pogreba/Jacobsen to approve. **Motion carried unanimously.**

APPROVAL OF BID FOR CRACK FILL MATERIAL

Approximately 46,500 pounds of crack fill material is needed to complete roadway crack filling projects on the County roadway system. Five bids were received. The low bid does not meet the bid specs and will not be considered. The second lowest bid is \$0.675 per pound from Midstates Equipment & Supply. The Highway Commissioner recommends approval. **MOTION** by Pogreba/Nikolay to approve. **Motion carried unanimously.**

NEXT COMMITTEE MEETING: July 11, 2022

FUTURE AGENDA ITEMS: None

ADJOURNMENT: MOTION by Pogreba/Hesse to adjourn. **Motion carried unanimously.**

The meeting adjourned at 4:58 p.m.

Disclaimer: The above minutes may be approved, amended, or corrected at the next committee meeting. Carrie Kneifl, Recorder

Subject: Zachary Halverson, Eagle Scout Pavillion Project.

Hello, My name is Zachary Halverson. I am 17 years old and is part of troop 68 of the Onalaska Boy Scout troop. And for my eagle project I want to build a pavilion at the Neshonoc County Park in Westsalem. I am wanting to get my project completed by early fall of 2023. I have people who are willing to volunteer to help build the pavilion. I still do need funding. I'm working on reaching out to a few diffrent companies/businesses and maybe even the city to fund my project. As far as construction I am hoping it will be a 3-4 days of work. I have not reached out to see if I need a build permit. That will be getting done by this week hopefully. Here is the area of the build-

Thanks!!! Zachary Halverson

Sorry it took me awhile to get all of this together. I've been fairly busy this summer.

My project is going to be a pavilion over a handicap picnic table and a pre-existing concrete slab. I plan to build around the late summer early fall time. The area I'm going to build is the Lake Neshonic County Park. (South boat landing)

Here is a list of materials I will be using.

And also a picture of build plans I have.

If you have any questions please contact me. I'm mainly looking to see what you think and also if I can start thinking to advance in my project.

FROM: JOE LANGEBERG

SUBJECT: JULY 2022 MEETING EXPLANATION

DATE: 7/05/22

CC: JANE KLEKAMP, STEVE O'MALLEY, FILE

-
- Approval of Bid for rubber plow blades. We typically need 75 rubber plow blades per year for snow and ice removal for County and State highways. We received 4 bids for 75 plow blades. The low bid is \$29,580, from Gray's Inc. I recommend for approval.
 - Approval of County Salt Bid. We have ordered 5,000 ton of salt through the State Salt bid. The cost per ton delivered is \$80.18 through Morton Salt Company. I recommend for approval.
 - Request approval to go out for RFP's on two truck Chassis. The truck chassis' are for trucks on the 2023 Equipment Request List. I recommend for approval.

Thank you for your time and continued support for Highway Department operations.
