TOWN OF BARRE Public Hearing February 13th, 2024

MEMBERS PRESENT Chairman Curt Berg, Supervisors Bob Miller, and John McGowan
STAFF PRESENT Clerk Ann Schlinggen, Treasurer Meri McKinney

CALL TO ORDER - Chair Curt Berg called the meeting to order at 6:03 p.m. The meeting was properly posted on the website and at the Town Hall and two other town locations 15 days in advance.

The Pledge of Allegiance was said.

The only item on the agenda was to discuss the UTV/ATV Ordinance.

There were many residents of Barre that attended the meeting, most representing the Coulee Cruisers UTV/ATV club.

Discussion was had most of it regarding the fact that almost all of Barre roads are dead ends and that it was suggested that a sign also went up to say Local traffic only on these roads. Rhonda from the Coulee cruisers said that this has been done in other areas.

Coulee Cruisers will also buy and maintain the signs needed.

After discussion, Curt had by a show of hands who was in favor of the ordinance and who was opposed. No count was taken but most were in favor of the ordinance.

John motioned to adjourn the meeting; Bob seconded it.

The meeting was adjourned at 6:51.

Respectfully submitted, Ann Schlinggen Clerk – Town of Barre

TOWN OF GREENFIELD
LA CROSSE COUNTY, STATE OF WISCONSIN
N1800 Town Hall Road, La Crosse WI 54601

Town Board Meeting; Monday, February 12, 2024

BOARD PRESENT: Chair Kevin Timm, Supervisors Chad Morris & Daren Schieldt

STAFF PRESENT: Clerk Jill Murphy

Call to Order: Chair Timm called the meeting to order at 7:02 p.m. Notices were posted.

Minutes: Motion by Morris/Schildt to approve January 8 town board and Sp. mtg. minutes. **Motion** carried.

Treasurer's Report: January financial report was presented. Motion by Timm/Schildt to approve. **Motion** carried.

Shelby Fire Dept: Chief Holinka unable to attend. Announcement of Shelby Fire Dept. Chicken-Q fundraiser March 17. Tickets are \$12.00.

Approve pay increase of Chief & Election Inspectors: Upon reviewing pay comparable with other county towns, and increased responsibility during elections, the clerk asked for pay increases for poll workers. Chief Inspectors to go from \$11.50 to \$15.00 and Inspectors from \$11.00 to \$11.50. Motion by Schildt/Morris to approve. **Motion** carried.

Roads: Still waiting for info. in determining which rd. construction projects to tackle this yr. Will save discussion for next month. Road bans are on and stay on for 6 weeks at a time.

Summary of Sp. Mtg. discussions regarding La Crosse County & town opening rds. to UTV/ATV traffic:
Timm stated an informal vote of residents present showed no opposition to the town board's recommendation to not oppose the county's proposal to open certain county rds. to UTV/ATV traffic.

***Citizen Concerns:** Ken Schlimgen, county supervisor, stated agenda item being brought up at the Thursday mtg. is a pilot project of establishing a community review board which lets people lodge complaints against police officers and remain anonymous. Schlimgen stated he will vote against. Stated would recommend not doing the pilot project for the county. Concerns about which people would be appointed to this board and becoming a witch hunt against officers. Thinks the law says to face your accuser, and not remain anonymous. Asked anyone with a different opinion could reach out after the mtg. Ernie Komperud stated a concern about future snow plowing regarding the current warm weather. Timm stated the snow plows will go up/down middle areas and will stay away from the rd. edges to prevent tearing up.

Motion made by Morris/Schildt to adjourn. **Motion** carried. Adjourned at 7:14 p.m.

Respectfully submitted, Jill Murphy, Town Clerk

Subject: RE: proposed ATV/UTV routes

Good morning Joe and thank you for sharing the latest proposal.

I will be out of the office beginning Friday, and through the 29th. My calendar is full until I leave. I do not anticipate having time to make comments on 7 routes during that time.

I will share this: The terrain, visibility, and traffic is very similar on all of our county highways except where they enter an urban area. There are stretches where traffic flow and visibility is good and stretches where they are narrow, no shoulder and no visibility.

As you are aware and I will share with this group... the Sheriff's Office will not have any increased presence for ATV's on our roads. We will respond to complaints (trespassing, reckless use, speed) when they occur and will address the same if they are observed by a deputy on routine patrol. A couple of areas the Sheriff's Office will not address if we receive complaints is noise and volume of ATV/UTVs on the roadways. Those types of concerns would have been taken into consideration by the county board in designating the roadway as a route. We are hopeful that ATV/UTVs, vehicles, pedestrians and bicycles can all safely share our roadways. The Sheriff's Office will be doing a series of video PSAs on summer safety. They will include awareness on bicycles and ATV/UTVs.

Please reach out anytime with concerns. I appreciate the strong partnership between the Sheriff's Office and Highway Department

Town of Washington, La Crosse County

The Town of Washington held a Special Meeting for residents on Monday, March 11th 2024, for the sole purpose of providing a “Public Hearing” regarding the opening of the La Crosse County Trunk highway system located within town boundaries to ATV/UTV traffic. Preparation for this Special Meeting began at our February Town Board meeting. The Town Board wished to provide a platform for full transparency and awareness. To achieve this goal the Town not only posted the meeting notice on the (3) normal meeting posting sites, we also included the notice on our web page. Additionally, we mailed the notice to all tax parcels holders of record along with our email address, so residents would have the ability to comment in the event they were not able to attend. I would like to report that the majority of electronic response was positive to both items listed on the notice. During the Special meeting we held a hearing on each item, I asked for a poll on residents in attendance on both questions and a super majority of those in attendance were in favor of the request to open the public road system to ATV/UTV traffic.

The Town of Washington would like to go on record of a recommendation that all La Crosse County Highways located within our municipality be opened to ATV/UTV vehicles. The residents also supported with a super majority to begin the process to open all Town Roads to UTV/ATV traffic. It was the general feeling that the Town of Washington wishes to be consistent with its surrounding communities are now open. Opening these roads to ATV/UTV traffic allows more traffic into local businesses which generates revenue. Rural residents who live along county roads would have access to the St. Joseph’s Ridge or the Village of West Salem for gas and food. Additionally, they would connect our area to the neighboring villages of Bangor, Barre Mills, or Coon Valley which would then tie into Vernon, Monroe and Jackson Counties, bringing more business from those areas into the area and also allow local riders to tie into other trail systems without having to trailer their ATV/UTV to the areas. It is important to keep in mind that connections to "existing routes" not only include other county roads, but routes established currently or in the near future by local townships.

We have included the required forms from the county, maps of the requested county roads, and meeting minutes from the town of Washington, showing that a public meeting has been held prior to Board action.

Sincerely,

Daniel Korn
