Pursuant to your court order an order may be adjusted under Local Court Rule 904 adopted by La Crosse County Judicial Officials. If the payer is not working for a legitimate reason or has an involuntary reduction in hours, the support obligation shall be converted to the appropriate percentage under the Wisconsin Child Support Guidelines. The calculation will be based upon the gross income being received from all income sources including: Workers Compensation, Unemployment Compensation, disability insurance payments (non-Social Security based) or severance pay. For Unemployment Compensation calculations, periods of no employment or self employment that occurred during the base period will not be included in calculating reductions in child support.
