

June 29, 2023

**Project ID 5069-00-00/70**  
**CTH B**  
**IH 90 to CTH J**  
**La Crosse County**  
**Origin Design Project No: 22044**

Please join us for a public involvement meeting to discuss County Highway B between Interstate Highway 90 and County Highway J, located in the Town of Bangor (as shown on the attached map). This public involvement meeting is being held on behalf of the WisDOT, La Crosse County, and Origin Design (the engineering consultant performing the design for La Crosse County).

The meeting is as indicated below. A brief presentation is scheduled to begin at 4:45 PM. The remainder of the meeting will follow an open house format.

**Date:** Wednesday, July 26, 2023  
**Time:** 4:30 PM – 6:00 PM  
**Location:** Rockland Village Hall  
105 W. Center Street  
Rockland, WI 54653

The project will consist of removing some of the pavement and replacing it with new asphalt pavement via a mill and overlay process. County B will be closed during construction with a detour posted. However, access will be provided to residents. CTH J will stay open at all times. Traffic may occasionally be controlled by a flagger during construction operations.

The objective of this meeting is to gather public input concerning the project.

We look forward to meeting with you. If you are deaf or hard of hearing and require an interpreter, you may request one by contacting me at least three working days prior to the meeting.

If you have any questions, or if you cannot attend the meeting, but would like to find out more about the project, please contact either Joseph Langeberg, La Crosse County Highway Commissioner at (608) 786-3813, or Noah Hofrichter, Project Engineer, Origin Design, at (563) 556-2464. La Crosse County has posted preliminary plans of the proposed improvement on their website at the following link:  
<https://www.lacrossecounty.org/highway/seasonal-road-work>

**Sincerely,**

A handwritten signature in blue ink that reads "Noah J. Hofrichter".

Noah Hofrichter, PE  
Project Engineer
