In-Person Visitation Changes

Visitors continue to be welcome, even during times of outbreak. However, we recommend following our COVID-19 protocols and postponing your visit if you have any symptoms of being ill. Reminder to always wear a mask and social distance during visits. Our visits are being held in resident rooms; hand sanitize before and after your visit. Upon request, we do have a couple of alternative locations that are available for visitation.

When the weather is warmer, we encourage visits be held outdoors.

Where can I get Covid-19 Updates?

Please call (608) 786-1400 Option 4. Wanda Plachecki, Executive Director of Long Term Care & Residential Services, continues to update the message frequently.

NEW!

Accushield Kiosk

We have recently implemented a new visitor sign in system called Accushield. Accushield is a kiosk that allows a person to sign in, answer health questions and scan your temperature. It is located at the front where visitors would typically sign in at the front desk. Front desk staff will continue to be available during usual times to assist as needed. Either the touch screen on the kiosk can be used to sign in or a mobile app can be downloaded to your smart phone for a touch free sign in process.

What's Happening in Recreation Therapy?

The last few months we have been focusing on engaging in smaller household activities. On Valentine's day this year, all residents celebrated on their household. We had a traveling beverage cart featuring cupid drinks and all residents received a special Valentine balloon (many smiles from residents).

We've also been sprinkling in a few crafts. From making Valentine's gnomes, snowflake crafts to puzzle piece art to name a few.

This winter we had the West Salem 4K provide an outdoor parade a couple of times in our courtyards. It was a huge success! We've also had trivia & flavored coffee, dice games, snowball toss, disc golf, sing-a-longs, morning stretch and continued spiritual services to mention some activities.

We've also had pet visits by Tux the cat, created floral arrangements and dabbled in some plant repotting. We are looking forward to having in house entertainment again and remaining out of outbreak.
