TASK/PROJECT	HIGHLIGHTS	NEXT STEPS
MTP Engagement Efforts	Q2 2025 focused on reviewing outreach efforts, summarizing themes, and planning documentation.	Finalize plan and recommendations, set to be adopted on September.
Illustrative Project Planning Discussions	Bob, Erin, and Travis have been preparing materials and meeting with each of our member communities to discuss potential illustrative projects to be included in the MTP's final recommendations. In addition to project solicitation, we are including planning and policy recommendations as part of these discussions to better inform the region's transportation planning horizon.	Staff are currently compiling the results of discussions for inclusion in the MTP. Soon we will be reaching out for cost estimates to compliment the illustrative project list.
MTP Narrative Development	Bob, Erin, and Travis have dedicated more time to writing the narrative and developing supporting figures for the MTP document.	Continue to develop the narrative and supporting figures for a draft MTP presentation at the end of June.
WIS 35/53/16 TAC Meetings	Erin and Travis attended TAC meetings to review alternatives and selected design preferences for US 53 and Wis 16 (La Crosse Street). As well, attended the Public Involvement Meetings (PIM).	Continue participating in TAC and PIMs
Holland Town Board	Travis and Bob presented at the March 12 Town of Holland Board meeting to (re)introduce board members to LAPC services and skillsets.	Work with Town to identify areas of planning assistance
APA Wisconsin Conference	Wisconsin chapter of the American Planning Association is holding their annual conference in La Crosse, September 11-12, 2025. Erin is on the conference planning committee and encourages local municipalities to attend and submit presentation proposals.	Monthly meetings
WI MPO MTP/LRTP Workgroup	Erin is leading an MPO-driven initiative to survey existing MTPs/LRTPs activities in Wisconsin and best practices nationwide. Workgroup was formed last year and work to initiate opportunities for improvement.	Bi-monthly meetings, Best Practices Report and Recommendations
Harbor Commission/Port Statistical Area	Bob has been working with Adam Binsfield (Joint Harbor Commission Chair), and La Crosse Area Chamber of Commerce to create a MOU with the Prairie Du Chien Chamber of Commerce to move forward with PSA efforts and promote waterway access/economic development for the region. MOU have been signed by both Chambers	Continue to participate in relevant Chamber Events
FRA RCE Grants	LAPC led an FRA RCE Grant Submittal on behalf of the Town of Onalaska (Brice Prairie), submitted on 9/19. LAPC supported an FRA RCE Grant for the City of La Crescent, submitted 9/23. Both grants were successful, and staff is awaiting Federal review to move forward with the grant agreement process. FRA project managers have been assigned and project initiation discussions have begun. Tentative start date(s) are Q3 2025.	Begin Federal grant agreement process after Federal review and guidance is provided.
SS4A	LAPC received "Official" notification of award for a Comprehensive Safety Action Plan through the SS4A program on October 8. The timeline for the beginning of the project (in partnership with the City	Bob reached out to legislators to explore the delay.

	of La Crosse) was initially May 2025. A Grant agreement is in queue for review at FHWA HQ, and LAPC collaborated with a selection panel to review and interview consultants. A consultant was selected on April 24, and the project team is awaiting a notice to proceed from FHWA.	
MnDOT State Rail Plan Policy Advisory Committee	Most recent meeting was November 26, for the MNDOT State Rail Plan PAC #2. A final draft of the plan is being produced beginning in May 2025 and should be complete in Summer 2025.	Maintain communications and collaborate as necessary moving forward.
MNDOT Freight Network Optimization Tool	Bob is serving on the advisory steering committee for the FNOT, which aims to provide an online application that will provide both public and private sector users with the ability to analyze and visualize freight data in support of multimodal freight planning and supply chain analysis to reduce goods movement costs, create a more efficient freight network, and to support economic development across Minnesota. A recent update call was completed on May 7.	Continue to monitor progress and reflect interests of SE Minnesota. Project completion date is June 25, 2025
Regional Bike Map	Travis is coordinating with Jenna Dinkel from the City of La Crosse to update the old regional bicycle map. This map was last updated in 2008. This effort has also aided in LAPC's effort to update its spatial data inventory.	The project is in the final design stages. A brochure is expected to be printed and distributed in early summertime.
Travel Demand Model	Travis and Erin have engaged with WisDOT travel demand modelers to rectify the difference in population projections between the travel demand model and the most recent DOA projections. The new DOA projections will not be implemented into the model in time for MTP adoption in September, so the current version of the model will be used for analysis.	Post-MTP adoption, a secondary analysis of socioeconomic and level of service projections will be amended into the MTP in 2026.

Bob attends monthly meetings on behalf of LAPC, and in January members of the group (including Bob), interviewed and selected the next airport consultant. LSE staff continues to work on marketing strategies (Jumpstart Conference), SCASD Grant, and devising implementable steps from the master plan.	Continue monthly meetings and work with the selected consultant to support air service improvement.
Wisconsin MPO/RPC Quarterly Directors Meeting	Erin and Travis presented at the quarter 2 Wisconsin MPO/RPC Directors meeting about the most recent MTP public engagement, best practices and lessons learned.	Meet with other MPOs around the state who reached out to learn more.
