#### 5. October Special Meeting Information

Bob Gollnik provided reasoning for the special October meeting, primarily to recommend adoption of the 2027-2030 TIP Document to the Policy Board. The meeting needs to happen in October in order to align with WisDOT deadline for TIP approval. Discussion with the Policy Board in July also precipitated a proposed change to the meeting schedule for LAPC committees in future years beginning in 2027 to even months. This change to LAPC bylaws is expected to be adopted by the Policy Board on September 16<sup>th</sup>.

#### 6. MioVision Near Miss Study Results – Onalaska, US35 & Irvin St Intersection

LAPC staff shared an update including short video clips captured by the MioVision near miss study recently completed by LAPC with support from MioVision and an additional MioVision Scout Unit on loan from the Chippewa-Eau Claire MPO.

The study hoped to substantiate reasoning for the installation of pedestrian infrastructure- likely a Rectangular Rapid Flashing Beacon (RRFB).
