

## Explosive Devices

The La Crosse County Household Hazardous Materials facility does not accept explosive or shock-sensitive items. Examples include black powder, crystallized peroxides, dynamite, fireworks, military munitions, nitroglycerin, picric acid and polymer bonded explosives (PBXs).

Individuals should not attempt to handle or transport these materials. When discovered, immediately contact the Dane County Sheriff's Department – Hazardous Devices Unit at (608) 283-3941 who are trained to safely remove and manage these items.
