OPERATOR - The violations in operating procedure or physical arrangement indicated below must be corrected by the next routine inspection or by a date specified in this report.

Comments:
Discussed cooling record, the 2 hour temperature was regularly above 80 degrees. Start timing the 2 hour period as the temperature drops to 135 degrees.

Any operator aggrieved by an order of this department under this chapter may request a hearing as provided in ch.227 statute, if state licensed, or a local ordinance if licensed by an agent health department.

Person in Charge
