OPERATOR - The violations in operating procedure or physical arrangement indicated below must be corrected by the next routine inspection or by a date specified in this report.

Comments:
The store manager identified that they have recently noticed a problem with the F'real machine missing a daily sanitization cycle and the issue had already been addressed by engineering prior to my arrival.

Any operator aggrieved by an order of this department under this chapter may request a hearing as provided in ch.227 statute, if state licensed, or a local ordinance if licensed by an agent health department.
